

Folding Slanted Dog Crate

SWPET16

Medium

30" (76cm)

SWPET17

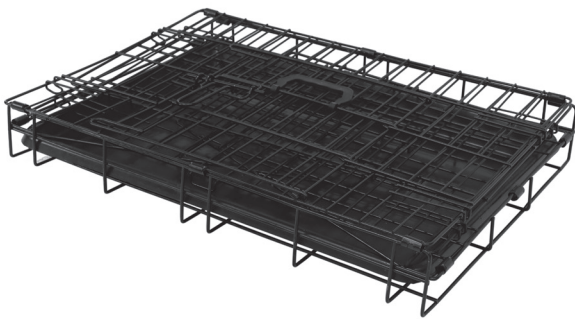

Small

24" (61cm)

Assembly Instructions

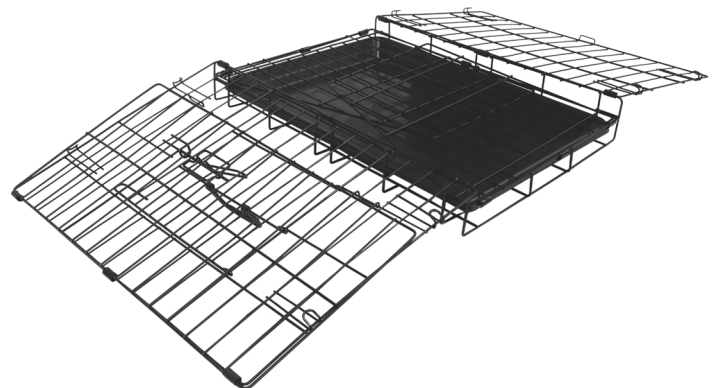

Please note: Images below used for the instructions show the small crate. The medium-size crate follows the same assembly instructions. To assemble the product, please follow the instructions below:

Figure 1

1. Remove the dog crate from its packaging and dispose of the packaging in the correct manner.

Figure 2

2. To assemble the crate, first fully unfold the back and the joint front/top panel. (See Figure 1 and 2)

3. Assemble the back and ONE of the side panels and join them together using the hooks found on the side of the panels. Figures 3 and 4 shows the side and back panel being joined together with the hooks. And Figure 5 shows the back and side panel assembled together.

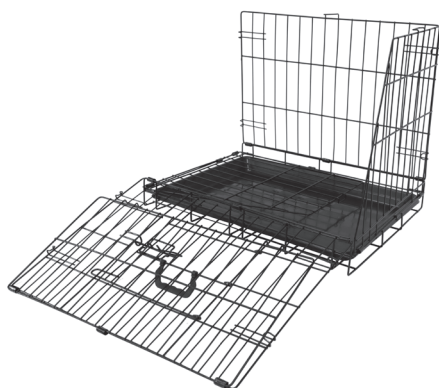

Figure 3

Figure 4

Figure 5

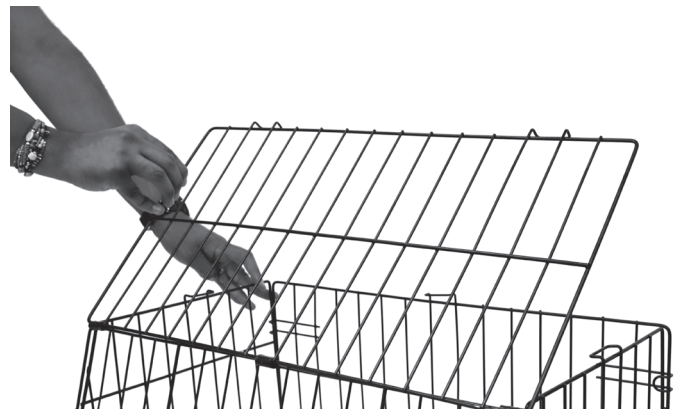

4. Then, get the joint front/top panels and place it over the top as shown in Figure 6 & 7.

Figure 6

Figure 7

5. Ensure the front panel is hooked onto the side panel that is assembled (Figure 8).

Figure 8

6. Then hook the top panel to both the back panel and the side panel (Figure 9).

Figure 9

7. Once done, assemble the remaining side panel and secure into the hooks (Figure 10).

Figure 10

8. To finish, check to see if all hook points are properly in place. Figure 11 shows all the hook points (circled in red).

Figure 11

9. To open the door, lift the handle (as shown in Figure 12) and pull (Figure 13).

Placing The Crate In Your Boot

When placing the crate inside your boot, the doorway of the crate should be facing towards the boot door.

Important: To help your pet dog get used to being inside the crate, you may need to train your dog to help him/her to become accustomed to the crate.

After you have finished the dog crate, simply disassemble and fold the crate. Store in a safe place for the future.

Maintenance

Cleaning the Tray Base

The dog crate comes with a pet-friendly tray base that can be washed and clean. Carefully remove the tray from the crate and wash the tray with good quality washing up liquid.

Cleaning The Crate

To clean the crate, use a slightly damp cloth to wipe the crate.

Manufacturer's Warranty

This product comes with a 12 month manufacturer warranty which starts on the date of purchase. The warranty covers technical faults during the 12 month period. Any issues caused by accidental damage or wear and tear is not covered by this 12 month manufacturer warranty.

For any warranty queries, please contact the retailer where you purchased the product.

Health & Safety

- Dogs that suffer from anxiety or panic attacks should not be left unattended in a cage as they may harm themselves and damage the cage. You must remove collars and harnesses from your pet before putting into the crate
- This crate (when assembled) should NEVER be placed on your vehicle's rear seat or front passenger seat with your pet dog inside. This crate should only be inside the boot.
- The crate should never have more than one dog. This crate should only hold one dog.
- When placing your pet dog inside the crate, ensure they have enough room to sit, lie down and stand. Measurement of your pet dog before purchase is highly advised.
- Please ensure you have measured your vehicle's boot to make sure the crate comfortably fits.
- To help your pet dog get used to being inside the crate, you may need to train your dog to help him/her to become accustomed to the crate
